Date completed:

Well done!

Soft c-

Soft c-									
List 31						List 32			
-ce						-ce			
prince						office			
since						surface			
wince						notice			
mince						service			
fence						once			
bounce						voice			
glance						choice			
France						force			
chance						palace			
dance						police			
The queen lived in a palace on the hill.									
The police found the robber in France.									
Rule: s- is soft in front of -e-, -i- or -y- (pronounced /s/)									

-igh as in night

List 57				List 58			
-igh				-igh			
night				knight			
fight				slight			
height				slightly			
light				nights			
might				nightly			
right				lighter			
sight				lighting			
tight				tightly			
flight				Exception			
fright				weight			
The shirt might be too tight for you.							
He lit the fire with a lighter.							

Dividing compound words into syllables

bed/room	bedtime
teaspoon	armchair
pancake	doormat
toolbox	drumstick
raincoat	fishbowl
cupcake	footpath
bathtub	toothbrush
meatball	ladybug
toothpaste	starfish

A compound word is divided between the two root words that make up the word. Divide these words into two syllables by marking with a line. The first one has been done for you.

Prefixes

Prefixes									
List 69					List 70				
be-					re-				
behind					redo				
because					reply				
between					remain				
below					replace				
become					repair				
before					repeat				
beside					report				
beneath					return				
beware					rewrite				
became					recycle				
We need to recycle glass and paper.									
He is resting because he is tired.									
Re- means 'again' or 'back'.
