

New in Wordshark 5

New courses include:

National Curriculum 2014 for spelling

- Set out in manageable sections for each year group
- Dedicated lists for practising the end of Year 1 Phonics Screening
- Check including 'alien words'

Everyday vocabulary – useful for EAL

- Simple sentences to model use of language
- More challenging sentences with picture support for vocabulary used
- Shared play feature to encourage discussion

A structured Wordshark Spelling course

- A challenge section at the end for able spellers
- Revision lists throughout
- Guidance on where to start

New Features include:

- Simple, fast sign on
- Easy switch between games and word lists
- New screens for student management - with many new features
- Tracking of students' progress –using a baseline and re-test
- Ways to bulk add/delete students
- Exporting of records to an Excel format
- Recommended games for all word lists in all courses
- Ability to import/export and share your own lists
- Feature to add your own images to your lists
- A facility to add definitions or translations to your lists
- An overview of all teachers' set work
